## Inspection contract No. IV-0

### Terms of the Inspection Contract

- V 1. The inspection covers the checks and measurements listed in the service report and will be performed by a service technician from Herding GmbH Filtertechnik. The respective service report describes the actual state of the plant listed overleaf.
- V 2. The completed service report(s) will be handed to the customer after completion.
- V 3. Troubleshooting/repair work and the use of spare parts and wearing parts (e.g. filter gaskets) will be invoiced separately. Items costing 500 EUR or more need to be ordered separately.
- V 4. Please note the statutory duties and responsibilities of the owner (e.g. see Section 17 of the German Hazardous Substances Regulation and BGV A1).
- V 5. The previously mentioned price may be adapted if the installation rates are changed.
- V 6. Herding GmbH Filtertechnik is responsible for coordinating the work. If you have any questions, please feel free contact us by freephone at 0800-43 74 64 (HERDING) or by fax at 09621 630 -177.
- V 7. The General Terms of Business toll-free-number of Herding GmbH Filtertechnik apply.
